Respected sir,

We have come to know that the Government of West Bengal is going to reconstitute the University statutes which were no longer effective since the year 2011 after the new education act was promulgated nullifying the previous Act. We are glad to know that the Government of West Bengal will soon implement new statutes for the state aided Universities. We however strongly feel that though there should be uniformity in the statutes of all the universities structurally, there should be space for some differences amongst these statutes in accordance with the special features of each University in terms of climate, demography, cultural history, human resources and also the nature of the courses offered by the respective universities. We urge upon you to give the teachers, students and non teaching unions an opportunity to express their views before the matter is finalised.

With regards

(Prof. Kesab Bhattacharya)
